HIGHLIGHTS February 2021

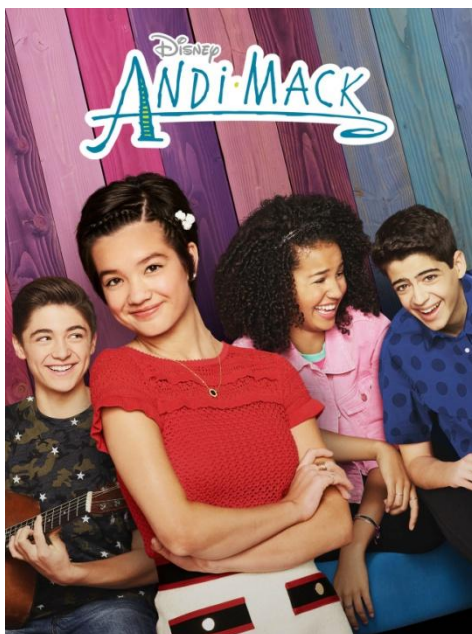

Robin Hood

NEW SHOW!

At just 10 years old, Robin Hood is already a real hero. But he lacks the maturity that will temper his recklessness. His acrobatics are not always successful ones and his plans are often slightly incomplete. With a lot of perseverance and humor, he stands up to each new plot set up by the young Prince John.

Andi Mack

NEW SEASON!

Andi is increasingly confident about expressing herself as she navigates her relationship with Jonah Beck and new territory in her long-standing friendships with Buffy and Cyrus. She continues to work on building a family unit with her parents, Bex and Bowie, who are new to parenting but are doing their best through humor, love and open communication. Andi's grandmother, Celia, is still very much in the picture to provide her with additional support.
